

We're building a community of volunteers and donors to support the future Bellevue Cross-Cultural Center. This is the first of monthly gatherings to get to know each other over conversation and refreshments, as we share ideas about the future center and ways we can help sustain it, once it is established.

Please fill out this form so we can keep you on the invitation list:

Name _____

Email _____ Phone _____

(Please return this form to us at the door.)

Draw a picture or describe your ideas!

What do you think should be inside or outside a Bellevue Cross-Cultural Center where people from all origins can cross paths on a daily basis?

Suggestions we've already received: international tea/coffee house, ethnic buffet, meeting rooms, open space at entry for open mic, performance stage, short term kiosks, green space for outdoor activities and more...
